20 January, 2025

QLD Health Guidelines covering provision of cosmetic injectables welcomed

The ACCSM (Australasian College of Cosmetic Surgery and Medicine) welcomes Queensland Health's recently released advisory note covering the provision of cosmetic injectable procedures. [Medicines in beauty treatment/cosmetic businesses](#)

These guidelines reiterate standards pertaining to optimal protection and safety of the Australian public in cosmetic procedural practice and we would encourage other State jurisdictions to follow and implement these best practices.

About the Australasian College of Cosmetic Surgery and Medicine

Established as the Australasian College of Cosmetic Surgery in 1999, the Australasian College of Cosmetic Surgery & Medicine (ACCSM) is a not-for-profit, multi-disciplinary fellowship-based body of cosmetic surgeons, cosmetic physicians, plastic surgeons, general surgeons, maxillofacial surgeons, ear nose and throat surgeons, ophthalmologists and other doctors and health care practitioners who practice in cosmetic medicine and surgery. The primary goal of the ACCSM is to ensure the safe provision of cosmetic medical and cosmetic surgical procedures to the Australian community through the supply of appropriately trained and certified health care practitioners. The ACCSM is the only medical college which provides education and training leading to fellowship specifically in cosmetic medicine and surgery. Fellows of the College are medical doctors who have completed post-graduate education and training and demonstrated competency specifically in cosmetic medicine and surgery. For additional information about the ACCSM, please visit: <http://www.accsm.org.au/>
